

# FIORE A QUATTRO PETALI Modello e disegni di Francesco Guarnieri

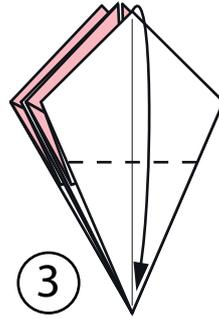

1

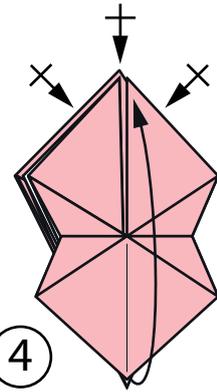

Base quadrata col colore all'interno.

2

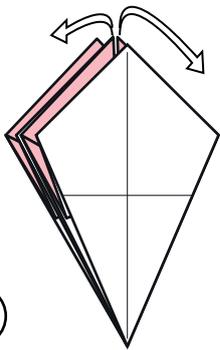

3

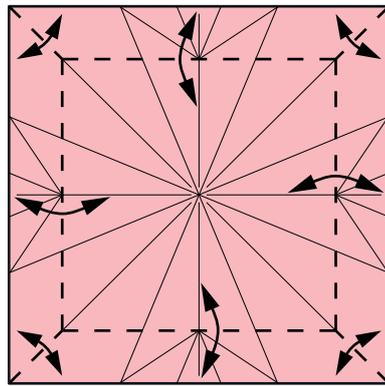

4

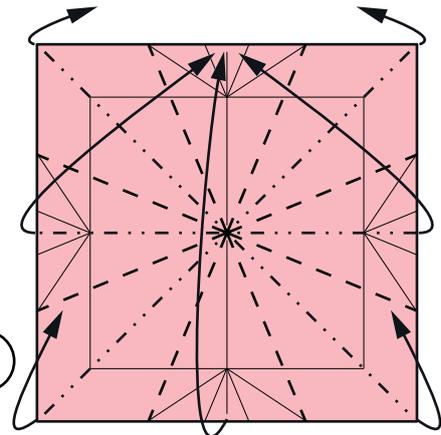

Ripetere i passi 3 e 4 dietro e ai lati.

5

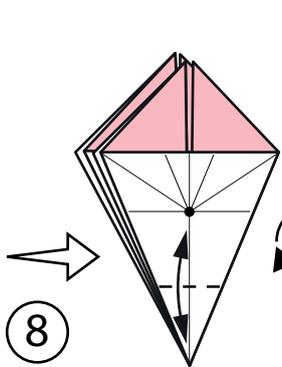

6

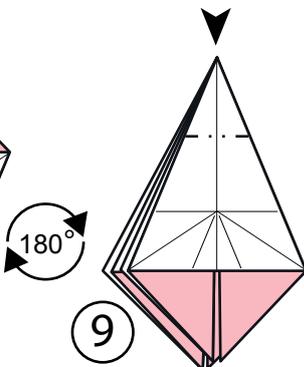

7

Richiudere, riformare la figura 2.

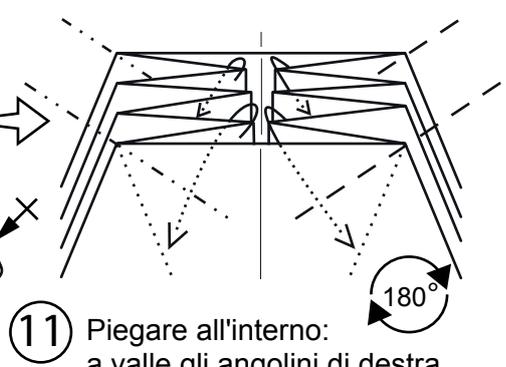

8

9

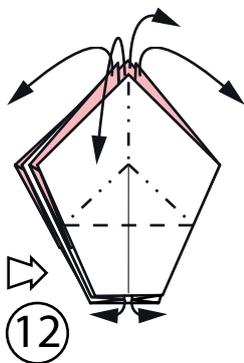

10

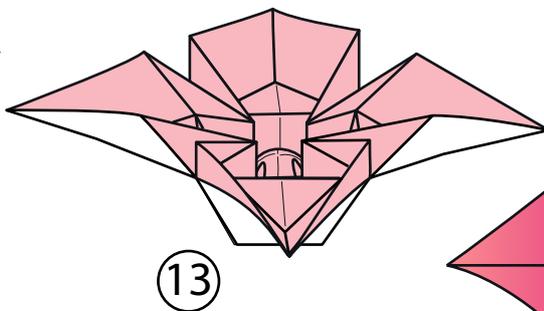

11

Piegare all'interno: a valle gli angolini di destra e a monte quelli di sinistra.

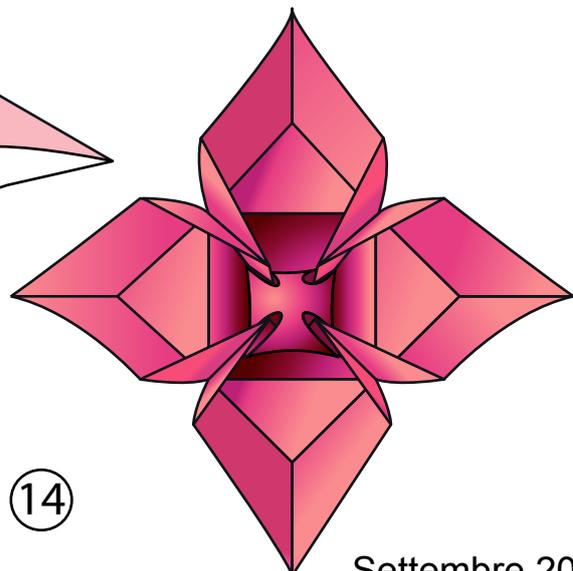

12

13

Allargare e abbassare i petali, portando la parte triangolare in orizzontale.  
Allargare la parte inferiore che dovrà risultare come un tronco di piramide.
