

FIORE O STELLA 2

Modello e disegni di Francesco Guarnieri

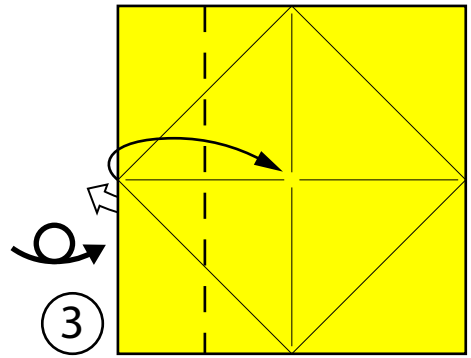

1

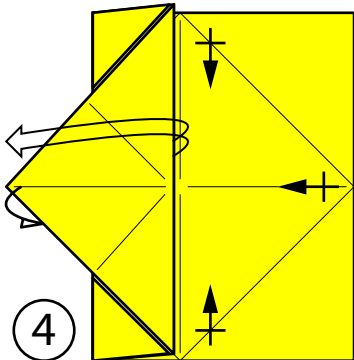

Tracciare le diagonali e piegare gli angoli.

2

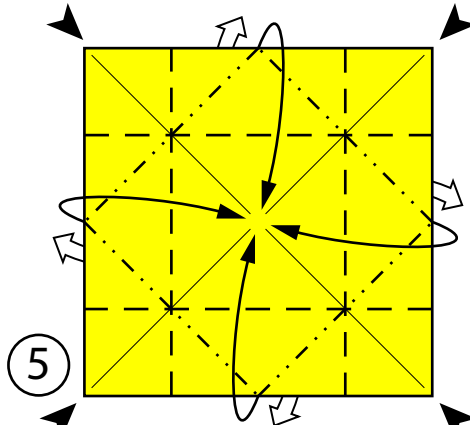

3

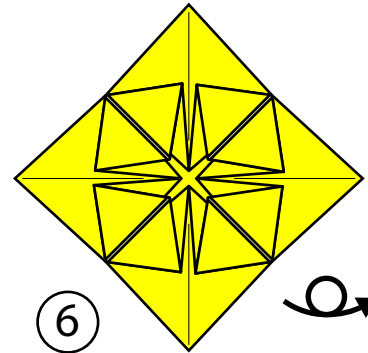

4

Riportare nella posizione precedente. Ripetere i passi 3 e 4 per gli altri lati.

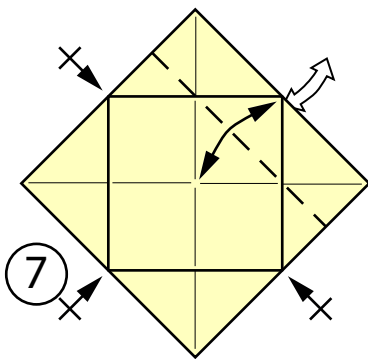

5

Portare al centro i punti medi dei lati, facendo ruotare le alette posteriori in avanti...

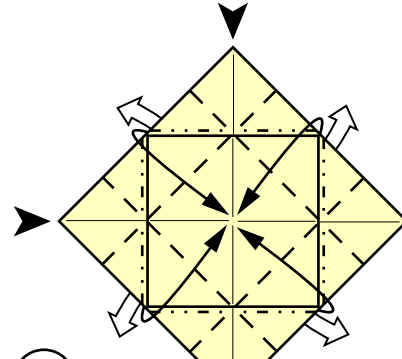

6

...in modo da ottenere questa figura. Appiattirla e voltarla.

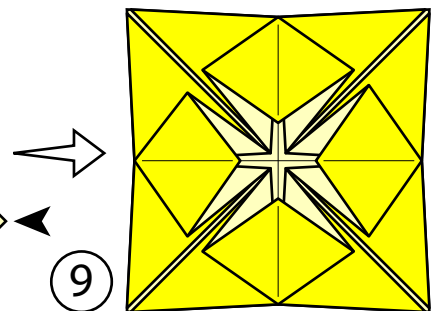

7

Piegare e riaprire facendo ruotare l'aletta posteriore (come nei passi 3 e 4). Ripetere per gli altri lati.

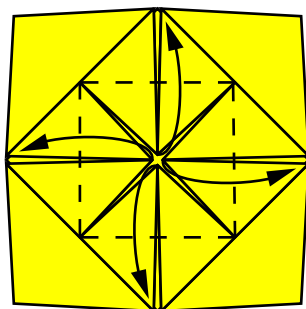

8

Piegare come nel passo 5.

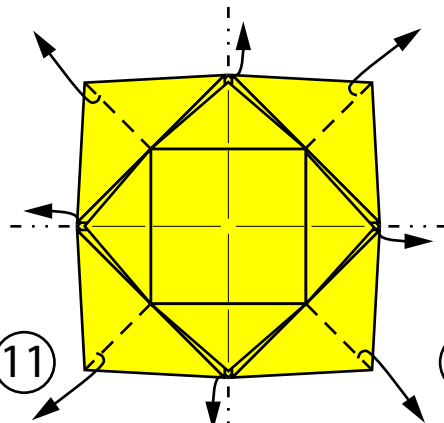

9

Ottenuta questa figura, appiattirla e voltarla.

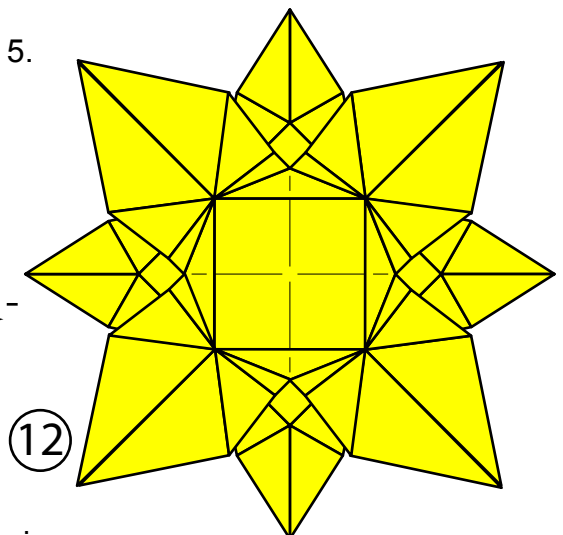

10

11

Piegare a valle le punte superiori e a monte quelle inferiori.

12
