Display your models!

As always, each participant can bring to the Convention and **display** models of their own creation or of other authors. A display space of about 50x50cm on a plane surface will be guaranteed to everyone; it will not be possible to hang frames or compositions to the walls.

Bring an origami to gift!

To celebrate the possibility to meet each other in person once again we invite you all to **bring an origami model** already folded to gift to another participant of the Convention! It could be your model or that of other authors, you could sign it, add a written thought, or leave it anonymous. We will make available **paper bags** for the models that will be placed beneath the tree and we will do a collective festive opening!

Origami beneath the tree

We will setup a great **Christmas tree** in the hall of the hotel that will be **decorated with many origami models!**

You can bring models you have already folded, of the colours of your choice, or fold and hang them during the days of the Convention.

Do you want to teach some models at the Convention?

If you want to **hold a workshop** during the Convention to teach your models or those of other authors, **complete the online form** that you find at the webpage for the registrations and send the requested information and photos so that we can prepare the information cards and prepare the programme.
