Want to teach some models at the Convention?

If you want to **hold a workshop** during the Convention to teach your models or of other authors, **fill the online form** that you find on this page

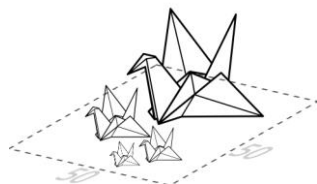

<https://www.origami-cdo.it/iscrizioneconvegno/>

and send the requested details and photos for preparing the information cards and the schedule.

You can teach models created by yourself or models by other authors. In the latter case you will need to request authorization from the author to teach the model.

Show your models!

As usual, each participant can bring to the Convention and **display** models of their own creation or of other authors. A display space of about 50x50cm on a flat surface will be guaranteed to everyone; it will not be possible to hang frames or compositions to the walls.

Origami beneath the tree

In the hotel lobby we will set up a large Christmas tree which will be decorated with many origami models!

You can bring models already folded or fold them and hang them during the days of the Convention.

The reference colors for the models are those of the logo of the City of Culture 2023 hosting us: **BLUE, YELLOW and RED!**

Renew your CDO membership for 2024

Become a member or renew online your CDO membership for 2024!

For organizational reasons this year it will not be possible to renew your CDO membership for 2024 during the days of the Convention.

We therefore advise that you **complete your membership or renewal for 2024 online at the CDO website before the Convention**. This way you will be able to receive your membership card directly at the Convention.
