

Concorso “Nilva Fina Pillan” 2019

Centro Diffusione Origami is pleased to announce the contest named to “*Nilva Fina Pillan*” for unpublished origami models that will be held during the 2019 CDO Congress and will have as theme “**Format 1xSquare root of 3**”.

Each participant is free to choose the theme he prefers by creating a model that uses one or more sheets of proportions 1 x root of 3 (1 x 1.732). The folding scheme to obtain the format is attached to this regulation.

The competition is open to all C.D.O. members and to the participants of the Tirrenia Conference. One sheet models, composed or modular, are admitted to the competition. The use of glue and/or cuts for the making of any model or part of it is prohibited, except for the cut to obtain the starting format. A maximum of 3 works is allowed for each participant or group of participants.

Each work will be accompanied by a form prepared by C.D.O. with the name of the model along with various other data related to the model itself. It is forbidden to teach the models presented in the contest until the voting is completed to avoid influencing the popular jury.

The models must be accompanied by diagrams - also in sketch form. The format of the starting sheet must be clearly indicated. The participants undertake to authorize the consultation of the diagrams supplied by them at the Conference and the subsequent publication in the Centro Diffusione Origami publications. The model's copyright will always remain author's property. The members of the board of the CDO can participate in the competition but will renounce any prize, which shall be assigned to the next competitor.

The models shown in the competition will NOT be returned and may be used for exhibitions organized or sponsored by Centro Diffusione Origami. Possible disputes regarding the models in competition can be addressed in writing or verbally to a member of the Board of Directors by 10.00 am on Saturday 2nd November 2019.
